

WHAT IS CLAIMED IS:

1. A composition for the treatment of hair, comprising:
  - (a) from about 5 to about 30 weight % of at least one aromatic essential oil;
  - (b) from about 20 to about 80 weight % of petroleum jelly;
  - (c) from about 2 to about 20 weight % of lecithin; and
  - (d) from about 5 to about 40 weight % of water;wherein the ratio of aromatic essential oil and water: petroleum jelly is between about 1:10 and about 1:1.
2. A hair treatment composition according to Claim 1, wherein the essential oil is jojoba oil.
3. A hair treatment composition according to Claim 1, wherein the ratio of the petroleum jelly to the essential oil mixture is about 1:2 to about 1:4.
4. A hair treatment composition according to Claim 3, wherein the essential oil is grape seed oil.
5. A hair treatment composition according to Claim 3, wherein the essential oil is teatree oil.
6. A hair treatment composition according to Claim 3, wherein the essential oil is almond oil.
7. A hair treatment composition according to Claim 3, further comprising from about .02 to about 0.5 milliliters of basil oil.

8. A hair treatment composition according to Claim 3, further comprising from about .02 to about 1 milliliter of clary sage oil.

9. A hair treatment composition according to Claim 3, further comprising from about .02 to about 1 milliliter of lavender oil.

10. A hair treatment composition according to Claim 1, further comprising from about .02 to about 1 milliliter of peppermint oil or peppermint herbal infusion.

11. A hair treatment composition according to Claim 2, further comprising from about .02 to about 1 milliliter of rosemary oil.

12. A hair treatment composition according to Claim 11, further comprising from about .02 to about 1 milliliter of thyme oil.

13. A hair treatment composition according to Claim 3, further comprising from about 2 to about 20 weight % of apple cider vinegar.

14. A hair treatment composition according to Claim 3, further comprising from about 0.5 to about 5 weight % of citric acid.

15. A hair treatment composition according to Claim 14, further comprising from about 0.5 to about 10 weight % of olive oil.

16. A process of making a viscous hair treatment composition, comprising:  
(a) boiling a mixture of from about 2 to about 20 weight % of at least one aromatic essential oil, and from about 80 to about 98 weight % of water;

- (b) allowing the aromatic oil/water mixture to cool to room temperature;
- (c) beating together from about 20 to about 80 weight % of petroleum jelly, and from about 5 to about 40 weight % of the essential oil/water mixture in a ratio of between about 1:10 and about 1:1;
- (d) beating into the mixture from about 2 to about 20 weight % of lecithin; and
- (e) beating into the mixture from about 2 to about 20 weight % of at least one aromatic essential oil.

17. A process according to Claim 16, wherein the ratio of the petroleum jelly to the essential oil mixture is between about 1:1 and about 1:5.

18. A process according to Claim 16, further comprising the step of:

- (f) beating into the whipped mixture from about 2 to about 20 weight % of apple cider vinegar.

19. A process according to Claim 18, further comprising the step of:

- (g) beating into the whipped mixture from about 2 to about 20 weight % of at least one additional aromatic essential oil.

20. A process according to Claim 18, wherein the essential oil is jojoba oil.
